

BREATHING CIRCUITS

A sensible breathing circuit alternative with practical and safety-driven features to aid you and your patients. Our standard circuit configuration includes these benefits:

- Mask with unique ergonomic shape for improved sealing capability and 3 size variations - small, medium and large
- Single-patient use circuit with parallel wye connector
- High quality tubing with exceptional flexibility and ISO connections for secure, leak resistant assembly
 - 72" expandable transparent tubing with 22 mm rigid connector
 - 77" expandable magenta tubing with 19 mm diameter
- Bacterial and viral filter with filtration efficiencies in excess of 99.9%
- Convenient nose-clip for patients utilizing the mouthpiece option
